Re: RFP&Q for City Services

December 12, 2017

**Question:**

Dear Mayor Shelton- Please find our questions in reference to the RFP&Q for City Services

1. The RFQ specifies submission of an electronic copy in PDF format on a CD-ROM, can we submit the PDF format on an USB instead of the CD-ROM?
2. The RFQ specifies the use of GBA for work orders. GBA has since been rebranded and upgraded to Lucy. Is Lucy an acceptable technology solution for the City?
3. The RFQ specifies the use of Accela for permitting. Accela has since under gone a number of revisions. Accela Land Management would be their current equivalent module. Approximately 6 years ago, the previous administration approved FIT (Field Inspection Technology) as a solution to provide online permitting for the general public and contractors, is FIT acceptable for Permitting and Licensing?
4. Accela provides nine solutions for municipalities, is the intent to implement the entire Accela platform or just the "land management" module?

Appreciate your time and efforts answering these questions.

Thank you

Piper

**To:** Piper Rochon <[PRochon@ibts.org](mailto:PRochon@ibts.org)>

**Subject: Re: Question Concerning RFP&Q for City Services**

A USB is acceptable. Current software mentioned in your answer is acceptable. Current contractor has not informed this administration of necessary changes. What is being used now is permissible. Lucy is okay. FIT is acceptable. Just the Lamd Management module is acceptable.

Jr. Shelton  
Mayor
